

# Mini-Symposium on Computational Biology

Thursday, January 10, 9:00

Adnan Sayed, University of Cologne

**Decoding Olfaction**

Thursday, January 10, 9:50

Jan Grossbach, University of Cologne

**Integrated impact of natural genetic variation on gene expression, protein abundance, and protein phosphorylation in budding yeast**

Thursday, January 10, 10:40

Alina Bazarova, University of Birmingham

**Computational Biology and Predictive Modelling**

University of Cologne  
Institute for Biological Physics  
Zülpicher Str. 77, Old Building  
Conference Room 216

Hosted by Andreas Beyer and Michael Lässig
